Gabrielle's immense passion for waves, curls and coils has ushered her into a committed career in Cosmetology. Beginning the hair journey in 2006 as a Licensed Hair Braider, Gabrielle wouldn't stop there and was led through Cosmetology Training at the Aveda Institute in 2013. As an Aveda Alumni, she has extensively trained in the Master levels of Aveda Cut and Color Concepts and now shares that with fellow hair professionals. In 2017 Gabrielle Zalina founded Texture Masters, offering student and licensed Cosmetology professionals, advanced education in the full spectrum of textures, concentrating on braiding and texture styling services. From the tightest coils to perfectly straight tresses Gabrielle is a hair master, highly fueled by continuing to deepen her education and practice.
